## **INDEPENDENT AUDITOR'S REPORT**

To the Honorable Mayor and Commissioners  
Borough of Deal  
County of Monmouth  
Deal, New Jersey

### **Report on the Financial Statements**

We have audited the accompanying balance sheets - regulatory basis of the various funds of the Borough of Deal in the County of Monmouth, as of December 31, 2013 and 2012, the related statement of operations and changes in fund balance-regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough of Deal on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Deal as of December 31, 2013 and 2012, or changes in the financial position for the years then ended.

### **Basis for Qualified Opinion on Regulatory Basis Accounting Principles**

We are unable to obtain sufficient evidence to support the cost of fixed assets. As more fully described in Note 1, the accounting practices prescribed by the State of New Jersey, and the reporting requirements related thereto were modified effective for financial statements dated December 31, 1986, and thereafter, to include a statement of general fixed assets as part of the basic financial statements. The Borough had not prepared and we are, therefore, unable to express an opinion as to the general fixed assets account group at December 31, 2013 and 2012.

### **Qualified Opinion on Regulatory Basis of Accounting**

In our opinion, except for the effects of the matter described in “Basis for Qualified Opinion on Regulatory Basis Accounting Principles”, the financial statements referred to above present fairly, in all material respects, the regulatory basis balance sheets as of December 31, 2013 and 2012, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2013 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

### **Other Matters**

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Deal’s basic financial statements. The supplementary information listed in the table of contents and the comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information listed in the table of contents are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2014 on our consideration of the Borough of Deal’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Deal’s internal control over financial reporting and compliance.

## **NOTES TO FINANCIAL STATEMENTS**

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Reporting Entity

Except as noted below, the financial statements of the Borough of Deal include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Deal, as required by N.J.S. 40A:5-5.

### B. Description of Funds

The Governmental Accounting Standards Board ("GASB") is the recognized standard-setting body for establishing governmental accounting and financial reporting principles generally accepted in the United States of America.

The accounting policies of the Borough of Deal conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Deal accounts for its financial transactions through the following separate funds and accounts as presented below. This presentation differs from the seven fund, two account group presentation as required by generally accepted accounting principles (GAAP).

Current Fund - revenues and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. In addition, the fund is used to track the status of debt authorized for capital projects.

Sewer Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally-owned Sewer Utility.

### C. Measurement Focus, Basis of Accounting and Basis of Presentation

#### Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the Current Fund and Sewer Operating Fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services per N.J.S.A. 40-A:4 et seq.

The Borough is not required to adopt budgets for the following funds:

General Capital Fund

Trust Funds

Sewer Capital Fund

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year.

**Borough of Deal, NJ**  
**Notes to Financial Statements**  
**Year Ended December 31, 2013**

**Note 1 - (continued)**

The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. During 2013, the Governing Body did increase the original Current Fund budget, expenditures did exceed budgeted appropriations at two line item appropriations and several budget transfers were approved by the Governing Body.

Expenditures - Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriations reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Property Acquired for Taxes - Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Property Tax Revenues - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1. The amounts of the first and second installments are determined as one half of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15, and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on November 11 in the current year, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Borough of Deal, NJ  
Notes to Financial Statements  
Year Ended December 31, 2013

**Note 1 - (continued)**

Inventories - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

Insurance - Cost of insurance for all funds are recorded as expenditures at the time of payment. Insurance costs chargeable to future periods are not carried as prepayments.

Comparative Data - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Use of Estimates - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Deferred Charges to Future Taxation Funded and Unfunded - Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

General Fixed Assets - Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, has mandated that municipalities maintain a fixed assets accounting and reporting system. The Borough has not developed such fixed assets accounting and reporting system through the date of this report.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

No depreciation has been provided for in the financial statements.

Fixed Assets acquired through grants in aid and or contributed capital have not been accounted for separately.

Accounting for utility fund "fixed capital" remains unchanged under the Requirements of Technical Accounting Directive No. 85-2.

Property and equipment purchased by the Utility Funds are recorded in the capital accounts at cost and are adjusted for dispositions and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation of fixed assets.

Tax Appeals and Other Contingent Losses - Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

**Borough of Deal, NJ**  
**Notes to Financial Statements**  
**Year Ended December 31, 2013**

**Note 1 - (continued)**

Departures from Generally Accepted Accounting Principles - The accounting principles and practices followed by the Borough of Deal differ in some respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

Taxes and other receivables are fully reserved.

Interfund receivables in the Current Fund are fully reserved and recognized as revenue in the year of liquidation.

Unexpended and uncommitted appropriations are reflected as expenditures.

Overexpended appropriations and emergency appropriations are deferred to the succeeding year's operations.

No provision is made for accumulated vested vacation and sick leave.

Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.

Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

Depreciation expense is not calculated on fixed assets.

Encumbrances are reported as a liability in the financial statement.

It was not practicable to determine the effect of such differences.

**NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS**

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agency of the United States that insures deposits. N.J.S.A. 17:9-42 requires New Jersey governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are protected from loss under the provisions of the Government Unit Deposit Protection Act ("GUDPA"), which is a multiple financial institution collateral pool. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds;  
or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

**Borough of Deal, NJ**  
**Notes to Financial Statements**  
**Year Ended December 31, 2013**

**Note 2 - (continued)**

The Borough's deposits and investments held at December 31, 2013, and reported at cost or fair value, are as follows:

<u>Type</u>	<u>Rating</u>	<u>Maturities</u>	<u>Cost/ Fair Value</u>
<b>Deposits:</b>			
Demand deposits			8,884,155.33

Investment trust fund	See minimum credit ratings- Concentration of	Less than 1 year	<u>5,657.13</u>
<b>Total deposits and investments</b>	Credit Risk below		<u><u>\$8,889,812.46</u></u>

Custodial Credit Risk - Custodial credit risk for deposits is the risk that in the event of a bank failure, the Borough's deposits may not be returned or; for investments is the risk that the Borough will not be able to recover the value of investment or collateral securities in the possession of an outside party.

Deposits in financial institutions, reported as components of cash and cash equivalents had a bank balance of \$8,884,155.33 at December 31, 2013. Of the bank balance \$250,000.00 was fully insured by depository insurance protected by the Federal Deposit Insurance Corporation (FDIC) and \$8,634,155.33 was secured by a collateral pool held by the bank, but not in the Borough's name, as required by the New Jersey statutes protected from loss under the provisions of the GUDPA.

As of December 31, 2013, the Borough had investments in the State of New Jersey Cash Management Fund, which is available on a voluntary basis for investment by State and certain "Other-than-State" participants including counties, municipalities and school districts, and the agencies or authorities created by such entities. The Fund is managed and administered by the Division of Investment, Department of the Treasury, State of New Jersey and is considered to be an investment trust fund as defined in Governmental Accounting Standards Board (GASB) Statement No. 34. The operations of the Fund are governed by the provisions of the State Investment Council Regulations for the purpose of determining authorized investments for the Fund. The fair value or carrying amount of investment in this Fund is provided in the above schedule.

Investment Interest Rate Risk - Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Borough has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investments held at December 31, 2013, are provided in the above schedule.

Investment Credit Risk - The Borough has no investment policy that limits its investment choices other than the limitation of state law as follows:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than 397 days from the date of purchase.
- c. Bonds or other obligations of the Borough or bonds or other obligations of the Borough school district.
- d. Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of Treasury for investment by local units.
- e. Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.

f. Repurchase agreements (repos) of fully collateralized securities, subject to conditions, as indicated in N.J.S.A. 40A:5-15.1(a).

g. Certificates of deposit at federally insured banks.

**Concentration of Credit Risk** - Concentration of credit risk is the risk of loss attributed to the magnitude of the Borough's investment in a single issuer. The Borough places no limit on the amount it may invest in any one issuer. However, the Borough's sole investment in the State of New Jersey Cash Management Fund as of December 31, 2013, under New Jersey State statutes provides for a State Investment Council (Council) that issues regulations which establish guidelines for permissible investments in the fund which include obligations of the U.S. Treasury and government agencies, Canadian government and provinces and U.S. based corporations. Such investments may be in the form of fixed income securities, commercial paper, certificates of deposit, repurchase agreements, bankers acceptances and money market funds. The Fund places no restrictions on the amount that can be invested in U.S. Treasury and government agency obligations. The Council regulations require minimum credit ratings for all other categories of fixed income obligations and limit the amount that can be invested in any one issuer or issue, as measured by nationally recognized statistical rating agencies such as Moody's Investors Service, Inc. (Moody's), Standard & Poor's Corporation (S&P), and Fitch Ratings (Fitch).

**NOTE 3 BUDGETARY INFORMATION**

Under New Jersey State Statutes, the annual budget is required to be a balanced cash basis document. To accomplish this, the municipality is required to establish a reserve for uncollected taxes. The 2013 statutory budget included a reserve for uncollected taxes in the amount of \$540,717.23. The amount of fund balance budgeted to balance the 2013 statutory budget was \$803,231.00.

Inter department budget transfers are not permitted prior to November 1. After November 1 budget transfers can be made in the form of a resolution and approved by the Borough Board of Commissioners.

N.J.S.A. 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget when the item has been made available by any public or private funding source and the item was not determined at the time of budget adoption. During 2013, there were no special items of revenue and appropriations inserted into the budget.

The municipality may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budgets of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. During 2013, there were no items of emergency authorization inserted into the budget.

**NOTE 4 MUNICIPAL DEBT**

The Local Bond law governs the issuance of bonds and notes to finance capital expenditures. No general obligation bonds have been issued for the general capital fund. Bond anticipation notes, which are issued to temporarily finance Capital projects, must be paid off within ten years and five months or retired by the issuance of bonds.

**NOTE 9 DISCOUNTS ARE NOT ALLOWED ON PREPAID TAXES**

**NOTE 10 PENSION PLANS**

Description of System - Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Police and Firemens' Retirement System (PFRS) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Public Employees' Retirement System and the Police and Firemens' Retirement System (PFRS) are considered a cost-sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate.

Public Employee's Retirement System (PERS) - The Public Employee's Retirement System was established in of January 1, 1955 under the provisions of N.J.S.A.43:15A to provide coverage including post-retirement health care to certain qualified members. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system. Vesting occurs after 8-10 years of service and 25 years for health coverage. Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on contributions. In case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hire on or after July 1, 2007 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from 60 to age 62 for members hired on or after November 1, 2008; increased the minimum annual compensation required for membership eligibility for new members. Also, it amended the early retirement reduction formula for members hired on or after November 1, 2008 and retiring with 25 years of service to be reduced by 1% for ever year between 55 and 62, plus 3% for every year under 55.

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS from the amount of compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60 from 1/55, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 78, P.L. 2011, provides that new members of PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. Tier 5 member will be eligible for a service retirement benefit at age 65.

Police and Firemens' Retirement System (PFRS) - The Police and Firemens' Retirement System was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits coverage to substantially all full-time county or municipal police, fire-fighters and State fire-fighters or officer employees with police powers appointed after June 30, 1944. The Police and Firemens' Retirement System is a cost-sharing multiple-employer contributory defined benefit plan. Enrollment is required for permanent, full-time employees appointed to positions in law enforcement or fire fighting in the State of New Jersey.

**Borough of Deal, NJ**  
**Notes to Financial Statements**  
**Year Ended December 31, 2013**

**Note 10 - (continued)**

Members are eligible for retirement at age 55 with a benefit equal to two percent of final compensation for each year of creditable service up to thirty years plus 1% for each year of service in excess of 30 years. Members with at least twenty years but less than twenty five years of service credit will receive fifty percent of final compensation. Special retirement is available to those with twenty five years of service credit or they may elect deferred retirement after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service. The annual benefit calculation is equal to sixty five percent of final compensation plus one percent for each year of creditable service over twenty five years but not to exceed 30 years. The maximum allowance is therefore 70% of final compensation.

The systems provided for employee contributions of 5 ½ % of employees' base salary for PERS and 8 ½% for PFRS of employees' annual base salary. Under the provisions of Chapter 78, P.L. 2011, the PERS employee pension contribution rate will increase from 5.5% to 6.5% of salary effective with the first payroll amount to be paid on or after October 1, 2011. The second phase of the contribution rate increase from 6.5% to 7.5% is to be phased in equally over a seven year period beginning July 2012. The contribution rate will increase by 0.14% each year with the first payroll of July until the 7.5% contribution rate is reached in July 2018. Under these same provisions of Chapter 78, P.L. 2011, the PFRS employee pension contribution rate will increase from 8.5% to 10% of salary effective with the first payroll amount to be paid on or after October 1, 2011. Funding by the State and the Borough are determined by the annual actuarial valuation. The State's annual contribution approximates the actuarially determined pension cost for the year. Significant actuarial assumptions used to compute the pension contribution requirements are the same as those used to determine the pension benefit obligation.

The Borough's contribution to the Public Employees Retirement System and the Police & Firemens' Retirement System, were as follows:

	<u>2013</u>	<u>2012</u>	<u>2011</u>
Public Employees Retirement System	\$155,244.95	166,600.00	164,676.00
Police & Firemen's Retirement System	\$424,460.00	357,681.00	471,315.00

**NOTE 11 RISK MANAGEMENT**

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Borough maintains commercial insurance coverage for property, liability, accident and surety bonds.

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. A schedule of the Unemployment Compensation Fund can be found in the Trust Fund section of the Financial Statements.

**NOTE 12 DEFERRED COMPENSATION PROGRAM**

The Borough offers its employees a deferred compensation plan created in accordance with Section 457 of the Internal Revenue Code of 1986, as amended. The deferred compensation is not available to employees or beneficiaries until termination of employment, retirement, death or occurrence of an unforeseeable emergency. Earnings of the Plan and contributions by employees are invested and are exempt from income taxes until distributed to the participating employees.

The "Small Business Job Protection Act of 2000" changed Section 457 of the Federal Internal Revenue Code to require that all funds deferred be held in trust, custodial account or annuity contract for the exclusive benefit of the plan participants and their beneficiaries. The plan assets would not be subject to the employer's creditors.

**Borough of Deal, NJ**  
**Notes to Financial Statements**  
**Year Ended December 31, 2013**

**Note 12 - (continued)**

This requirement has been translated into New Jersey law with an amendment to N.J.S.A.43:15B-5 which now requires that the funds be held in trust, custodial account or annuity contract for the exclusive benefit of participating employees and their beneficiaries. This condition applies to all plans implemented subsequent to August 20, 1999. For plans in existence prior to August 20, 2000, the local government units had until January 1, 2001 to implement the "exclusive benefit" requirement of the Code revisions. However, until the revisions were made, the assets deferred were still subject to the local government's general creditors.

Plan assets and the related liability are not included in the balance sheet of the trust fund of the Borough.

The plan administrator and amount of funds are as follows:

	<u>2013</u>	<u>2012</u>
The Variable Annuity Life Insurance Company (VALIC)	\$869,802.86	\$676,464.59

**NOTE 13 CONTINGENT OR OTHER LIABILITIES**

There are no liabilities, contingent or otherwise, which would not be covered by appropriation or insurance protection except as follows: The contingent liability for unused sick, vacation time and compensated absences is \$407,118.57 for December 31, 2013 and \$272,808.88 for 2012. The amounts due have not been fully funded. Payments are made as required. The above amounts are not required to be recorded on the financial statements per requirements prescribed by the Division of Local Government Services, Division of Community Affairs, State of New Jersey.

**NOTE 14 SUBSEQUENT EVENTS**

The Borough has evaluated subsequent events through July 31, 2014, the date which the financial statements were available to be issued and no other items were noted for disclosure.

**BOROUGH OF DEAL, NJ**  
**NOTES TO SCHEDULE OF STATE FINANCIAL ASSISTANCE**  
**Year Ended December 31, 2013**

**1. ORGANIZATION AND BASIS OF PRESENTATION**

**Organization**

The Borough of Deal, New Jersey is the prime sponsor and recipient of various state grant funds. The Borough has delegated the administration of grant programs and the reporting function to the Administrator's Office within the Borough. Substantially all grant and program cash funds are commingled with the Borough's other funds, although each grant is accounted for separately in the Borough's financial records.

**Basis of Accounting**

The Borough of Deal grants are presented on the modified accrual basis of accounting utilizing the following methods:

**Current Fund Grants**

In accordance with a directive from the State Department of Community Affairs, Division of Local Government Services, all grant revenues and expenditures are fully realized within the current fund budget and corresponding receivables and spending reserves are recorded to account for grant activity.

**Trust Fund and Capital Fund Grants**

In accordance with accounting principles prescribed by the State of New Jersey, grant receivables are offset with grant spending reserves.

**Local Contributions**

Local matching contributions, if required, are raised in the current fund budget. The percentage of matching contributions varies with each program.

**Expenditures**

Expenditures, as reported on the accompanying schedule of state financial assistance, reflect actual cash disbursements charged directly to a grant program and, in certain instances, do not include allocated expenses or accrued expenses. Differences between budget and actual cash disbursements, as well as differences between budget revenues and actual cash receipts, are transferred to current fund balance when the grant is closed out.

**2. CONTINGENCIES**

Each of the grantor agencies reserve the right to conduct additional audits of the Borough's grant programs for economy, efficiency and program results. However, Borough management does not believe such audits would result in material amounts of disallowed costs.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Commissioners  
Borough of Deal  
County of Monmouth  
Deal, New Jersey

We have audited the financial statements - regulatory basis of the Borough of Deal (the "Borough") as of and for the year ended December 31, 2013, and have issued our report thereon dated July 31, 2014 in which we expressed an adverse opinion on the conformity of the financial statements with accounting principles generally accepted in the United States of America. As described in Note 1 to the financial statements, the Borough prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements- regulatory basis, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain immaterial instances of noncompliance that we have reported to the management of the Borough of Deal in the accompanying comments and recommendations section of this report.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **GENERAL COMMENTS & RECOMMENDATIONS**

Year Ended December 31, 2013

An audit of the financial accounts and transactions of the Borough of Deal, in the County of Monmouth, for the year ended December 31, 2013, has recently been completed. The results of the audit are herewith set forth.

SCOPE OF AUDIT

The audit covered the financial transactions of the Chief Financial Officer's office, the activities of the Mayor and Commissioners and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed.

Cash balances were reconciled with independent certifications obtained directly from the depositories.

Revenues and receipts were established and verified as to source and amount insofar as the records permitted.

Our audit was made in accordance with generally accepted auditing standards and in compliance with the requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and Government Auditing Standards, issued by the Comptroller General of the United States. Therefore, our audit included the procedures noted above as well as tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED PER N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding the aggregate \$17,500.00, except by contract or agreement".

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the limits within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

- Purchase of a used Vactor #2103 Combo Sewer Cleaner and Vacuum Excavator Truck
- Reconstruction of the Conover Pavilion Beach Club
- Purchase of Two 2013 PPV Chevrolet Caprice Police Cars
- Replacement of Fencing at the Deal Casino and Conover Pavilion Beach Clubs
- Repairs and Improvements to the Roosevelt Avenue Sanitary Sewer Pump Station
- Purchase of Beach Club Furniture
- Installation of Sidewalks, Curbs and Pavement Repairs at the Conover Pavilion Beach Club
- Purchase of a John Deere Utility Tractor for the Department of Public Works
- Purchase of a Chevrolet Tahoe 4x4 SSV Police Car

The minutes and vouchers indicate compliance with the Local Public Contract Law N.J.S. 40A:11-6.1 for the purchase of materials and services between \$2,625.00 and the bid limit.

The minutes indicate that the resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED PER N.J.S. 40A:11-4 - (Continued)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed and my examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the bid limit "for the performance of any work or the furnishing or hiring of any materials or supplies", other than those where bids had been previously adopted under the provision of N.J.S.40A:11-6.

COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted a resolution on January 11, 2013 authorizing interest to be charged on delinquent taxes at the rate of eight (8%) percent per annum computed on the first \$1,500.00 of such delinquency and at the rate of eighteen (18%) percent per annum computed on any amount of such delinquency in excess of \$1,500.00 and allows an additional penalty of 6% be collected against a delinquency in excess of \$10,000.00 on taxpayers that fail to pay the delinquency prior to the end of the calendar year. In addition thereto no interest shall be charged on any installment of taxes which is paid by cash, check or money order within ten (10) days after the date upon which said installment of taxes became payable.

It appears from an examination of the Collector's records on a test-check basis that interest was collected in accordance with the foregoing resolution.

DELINQUENT TAXES AND TAX TITLE LIENS

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number Of Liens</u>
2013	0
2012	0
2011	0

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

TAX TITLE LIENS

There were no liens on December 31, 2013.

PROPERTY ACQUIRED BY TAX TITLE LIEN LIQUIDATION

The value of property acquired by liquidation of tax title liens on December 31, on the basis of the last assessed valuation of such properties was as follows:

<u>Year</u>	<u>Amount</u>
2013	\$.00
2012	.00
2011	.00

Every effort should be made to return any of the above such properties to a tax paying basis.

Chief Financial Officer's Office

During the course of the audit we noted the following:

- \* Interfunds existed at year end.
- \* General Fixed Assets Account Group has not been maintained in accordance with Technical Accounting Directives.
- \* Overexpenditure of Budget Appropriations occurred during the year.

Overexpenditure of Budget Appropriation Reserves occurred during the year.

We recommend:

That interfund receivables and payables be eliminated wherever possible by the transfer of cash funds.

That the regulations contained in Technical Accounting Directives regarding the General Fixed Assets Account Group be complied with in their entirety.

That overexpenditure of Budget Appropriations be avoided in the future by transfer of funds where possible.

That overexpenditure of Budget Appropriations Reserves be avoided in the future by transfer of funds where possible.

- \* These reportable conditions existed in prior year audit.

Borough of Deal, NJ  
Status of Prior Year's Audit Findings and Recommendations

A review was performed on all prior year's recommendations. Corrective action was not taken on the following prior year recommendations:

That interfund receivables and payables be eliminated wherever possible by the transfer of cash funds.

That the regulations contained in Technical Accounting Directives regarding the General Fixed Assets Account Group be complied with in their entirety.

That overexpenditure of Budget Appropriations be avoided in the future by transfer of funds where possible.

The problems and weaknesses noted in this review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to these comments or recommendations, or should you desire assistance in implementing our recommendations, please do not hesitate to call us.

Appreciation

We wish to express our appreciation of the assistance and courtesies rendered by the Borough officials during the course of the audit.

Very truly yours,
